PRIMARY MERCHANT
SECONDARY MERCHANT
Customer enters primary merchant's website
600
Customer is informed of specified behavior which will result in offer (OPTIONAL)
605
610
Customer met specified behavior?
OPTION
615
Send reason code and token to secondary merchant
620
Locate information using reason code
625
Establish secure connection to primary merchant
630
Display offer associated with reason code according to specification(s) associated with reason code
635
640
Does customer accept offer?
650
Check token and validator
Send token and validator to primary merchant
645
655
Token and validator check?
Error Code
660
Perform order entry (and payment authorization check if payment required)
670
Complete process by forwarding order to fulfillment system
675
Fill information in secondary merchant template
665
680
Customer exits or moves on to another website
685
Return customer to primary merchant website
